

# 2025 Annual General Meeting and Conference

March 26th—27th 2025  
Montreal, Canada

ICCAIA's Annual General meeting and Conference 2025 will bring together Aerospace manufacturers, service providers, regulators and senior ICAO stakeholders for two days in Montreal, Canada.

The Conference will provide an opportunity for ICCAIA's members to showcase their products and discuss priorities with policymakers, subject matter experts and other industry leaders.

Alongside ICCAIA's Annual General meeting, the conference will include keynotes from industry and government leaders, high level panel dialogues on subjects such as industry decarbonization and the future of automation and connectivity.

Bringing together over 150 participants, the conference will also provide a unique opportunity to meet with ICCAIA's Board, industry peers, exchange views on priorities and help to steer the future of the industry.
